## EDUCATION

### HIGH SCHOOL

September 2018 - Present

### BLUEVALE COLLEGIATE INSTITUTE

Have completed all of my 24 classes with honor roll awards in all, and currently have a 95% grade average through high school. I have also been selected for advanced placement in mathematics, microeconomics, physics, and chemistry.

## EXPERIENCE

### MERRY HILL GOLF

May 2020 - Present

### CLUBHOUSE EMPLOYEE

Demonstrated excellent customer service by using skills such as communication, responsibility and cooperation. Navigated difficult situations by acknowledging customer concerns and being accountable.

### WMBA

May 2017 - May 2020

### UMPIRE

Was a paid umpire for the WMBA for 3 years, navigating difficult situations, and employing management and cooperation skills, whilst promoting kindness, sportsmanship and fun.

### FIRST ROBOTICS

August 2018 - Present

### SUB-TEAM LEAD

Led a subteam of robotics students using project management and teamwork skills to build a mechanism to complete a given task, whilst learning leadership skills transferrable to any workplace.

### SHAD CANADA

August 2018 - Present

### UPEI FELLOW

Was accepted to and participated in SHAD Canada, a month-long intensive STEM program. I learned and conversed with Ph.D. professors and business professionals, and engineered an award-winning solution focused around Canadian water problems.

## COMMUNITY ACTIVITIES

### CHOOSE TO LEAD

Leadership Program

I was accepted into the 4 year prestigious Choose to Lead program by demonstrating teamwork, cooperation, management, and leadership skills. It is structured around leadership in the community and building interpersonal skills.

### FLL TEAM MENTOR

Mentor / Volunteer

Started and mentored a local FIRST Lego League team, teaching engineering and teamwork skills to students. Built a framework to foster creativity, learning, cooperation, and teach the design process in the context of solving real world problems.

## SKILLS

Have had plenty of experience in customer service, carrying a positive attitude, teamwork, and cooperation.

Have been in many leadership positions, learning and implementing problem solving and time management skills.

Am proficient in Microsoft Office software, GSuite, and other basic computer programs.

Experienced in website development, using HTML, CSS, JavaScript, React, and Django.

Intermediate level industrial design using OnShape and Solidworks.

Novice graphical design and video editing skills.

Am a quick learner, and am willing and able to pick up new skills in any domain.

## ACHIEVEMENTS

### DUKE OF EDINBURGH AWARD

Awarded Bronze and Silver Duke of Edinburgh's award for exceptional community service and personal growth.

### DECA

Participated in DECA, a international business competition in which I advanced to the provincial competition, where I achieved in the top 10% of my competitors.

### HARVARD CS50

Completed the Harvard CS50 computer science course, in which I learned software design principles, multiple coding languages, and applied these skills in building a fullstack application.
